Thoughts to take Home

What are the ways to exercise our "faith" muscle?

In physical exercise there is a "right" way and a "wrong" way to perform an exercise. How would you describe the right or wrong way to exercise our "faith" muscle?

Notice that Jesus did not give them any notice as to the upcoming "storm", why do you think that Jesus would avoid this information?

What is the difference between a self-induced storm and a life-induced storm? How does this make a difference in how we trust God?

What does it mean that Jesus would be our "overseer" in life? How should this affect our decision making?

A faith that cannot be tested is a faith that cannot be trusted.

He made the storm be still, and the waves of the sea were hushed. – Psalm 107:29
